Comparison table with Hospitality TV and general TV

At the beginning....

**Setting**

into the setting up the Hotel TV and the manufacturer have enter the code for protect guests or normal person can't get to the change or settings.

**Default open TV**

Provide guests for the experience a good and many hotels also need to configure the default TV system for easy and perfect example Boot Logo , Start Volume , Max Volume , Start Channel

- **Boot Logo** when turn on TV can set and create logos of the hotel.
- **Start Volume, Max Volume** - Can set the volume level when turn on TV and set the volume level to the default and can set maximum volume no more than set to prevent noise problems in the another room.
- **Start Channel** Most each hotel has own channel (Hotel Channel). So is good every time turn on the TV to show channel of hotel that Hotel TV can do it.
- **Cloning pass to USB** Thinks about when tuning TV system spend time 10 min. If at home or have a TV no problem but if hotel has 400 TVs what happen? For example  $400 \times 10 = 4,000$  min and lose time. But If can cloning pass to USB will spend time 1 min of TV that is we can saving time to 10 more that.
- **Made Solution** - CMS : Content Management System when turn on TV is luxury and display of the TV is beautiful and easy to use and can give the public information shows on the TV.

- **External Speaker** - many hotel install the speakers in the bathroom and Hospitality TV connected to the TV without an audio amplifier.

- **Warrantee** TV like Hospitality TV guarantee for 2 years.

**Finally** since the TV for business (Hospitality TV) for Hotel, Condominium, Hospital else There will be no sales in general (Model will different other general TV) Hospitality TV has special function that must use team of experts in installation and that must be sold through the agent SI and the installation service we can take care of after.

High Solution of Television Network Co.,Ltd. Has been officially appointed the product distributor of TV industries in Thailand. Also has been recognized by leading hotels in Thailand because of the system installation Hospitality TV has a professional installation team, team support CMS, graphics and design team fully integrated.
