32" Interactive Kiosk Typ L with PCAP touch Android system

ACE KL32APCAP

The **ACE KL32APCAP** Digital Signage is the remote-controlled distribution and playback of digital content (TV programs, advertising, menus, and every sort of information) on networks of displays. These displays can range from digital billboards to much smaller screens, either at a single location or across multiple sites. It's all about targeting the audience with relevant information. Digital signage enables users to display their messages more dynamically and targeted.

ACE has demonstrated a Digital Signage application on android platform. The application provides the features of updating the content from remote web browser, playback of video content,
image, HTML web pages and scrolling text messages.
